BabyBuddies™

Mini Soft Toy
and Night Light
in One!

- ★ Illuminating eyes provide comfort
- ★ Hug on / auto-off
- ★ Safe, soft and cuddly
- ★ Sensory
- ★ Award-winning
- ★ Ages 2+

Bedtime can often be a scary and lonely part of a small child's night, but now there's NightBuddies® – an award-winning, all-plush nightlight toy for children as young as 2 years old. The magical eye illumination of NightBuddies® creates an emotional connection unlike any other plush. With a simple hug, children can activate the toy's softly glowing eyes whenever they need comfort and companionship.

Since launching in 2013, we have shared amazing stories from parents around the world and are honored to have received 5 distinguished awards, including the Tillywig Sterling Fun Award, which recognizes children's products notable for their exceptional quality and bold originality. As we expand into global markets, we strive to light up childrens' nights around the world.
